# COAL SHORTAGE GROWS ACUTE COX PLANNING DRASTIC ACTION FEDERAL CONTROL OVER FOOD

## TO DISCUSS THE TREATY IN MESSAGE

President Announces Versailles Action Will Be Handled In Message December First.

Compromise Will Be Sought During Recess.

Hitchcock to Continue Leads

(By Associated Press.)

Washington, November 21.—President Wilson will take up the whole subject of the treaty of Versailles in his message to Congress December 1, it was stated officially today at the White House. Until then he will have nothing to say concerning the Senate's action in rejecting the treaty.

Before Congress convenes, it was said, administration senators will confer, and it is possible that the mild reservationists on the republican side will participate with a view to working out an acceptable compromise on reservations.

Regardless of who is selected to succeed the late Senator Martin as democratic leader in the Senate, there will be no change in the leadership in the treaty fight, it was said at the White House. President Wilson considers that Senator Hitchcock of Nebraska has conducted the treaty fight ably and sees no reason why he should not again lead the administration forces.

## ECLIPSE TO BE PARTIAL HERE SATURDAY MORN

(By Associated Press.)

New York, November 21.—The moon will shut off some of the sunlight from most of the United States tomorrow morning when an annular eclipse of the sun will be visible in the United States for the first time since 1908 and the last time until 1930.

The eclipse will be visible in Ohio between 8:30 and nine o'clock and only partial in this section. Louisiana and western Texas will see the total eclipse.

## MINER STRIKE IS CALLED OFF

## CALL TO BANKS

(By Associated Press.)

Washington, November 21.—The comptroller of the currency today issued a call for the condition of all national banks at the close of business Monday, November 17.

State Operation of Coal Mines Threatened Unless Agreement Comes Soon.

Sweeping Curtailment of Railway Traffic Expected Within Next Twenty-four Hours.

Garfield Asks Governors to Not Take Over Control Of The Coal Mines.

Hines To Lay Grave Situation Before Cabinet.

Cox Willing to Let The Federal Government Act If It Will

(By Associated Press.)

Chicago, November 21.—The daily increasing coal shortage today had begun to menace additional industries and threaten the nation's food supply, with the further prospect of a sweeping curtailment of passenger traffic within 24 hours.

The big Chicago packers plants have about two weeks supply of coal left, and when that is used the committee distributing coal here will not be able to release any to them.

The immediate future of the steel industry today was causing concern, also. The regional coal committee indicated it expected extensive shutdowns during the next ten days, unless production of coal on a large scale was resumed.

Director General of Railroads Hines, it became known today, will lay the facts of the coal situation before the Cabinet so that he may be relieved of any personal responsibility for curtailment of industry.

## COX THREATENS TO OPERATE MINES

(By Associated Press.)

Columbus, O., November 21.—Recognizing the necessity for some decisive action which will place the coal mines in full action, Governor Cox telegraphed Governor Harding of Iowa today, that if the federal government does not intervene and operate the mines in case of failure of the miners and operators to reach an agreement in the Washington conference, states will have to take charge of the mines.

Governor Cox's telegram was in response to Governor Harding's telegram to the governors of coal producing states, suggesting that state governments in the coal producing states take over control of the situation at once.

Governor Cox let it be known that

AUTHOR'S WIFE IS  
TO WRITE HISTORY  
OF WOMAN'S PARTY

Mrs. Inez Haynes Irwin.

Mrs. Inez Haynes Irwin, wife of Will Irwin, the author and war correspondent, is in Washington to write the first history of the National Woman's party. Mrs. Irwin is herself the author of a dozen books and is a constant contributor to magazines. For several years she has been a member of the National Woman's party's advisory council.

he believes the federal government should intervene first; but if the federal government does not take charge and operate the mines, then the states must do so.

Impending coal shortages are reported to the Governor from the large industrial centers of the state.

Governor Cox today received a telegram from Federal Fuel Administrator Garfield in opposition to the plan of Governor Harding of Iowa. Mr. Garfield suggested close co-operation of the state officials with regional coal committees and immediate reference to them of all fuel emergencies.

## FELIPE ANGELES MAY MEET DEATH BY FIRING SQUAD

(By Associated Press.)

El Paso, Texas, November 21.—General Felipe Angeles, chief lieutenant of the bandit Villa and famous artillery expert, captured last Wednesday by Mexican federal forces, faced trial by court martial today.

The trial is considered by Mexican authorities as the most important held in that country during a decade of revolution. It is said the death penalty will be asked.

Many officials of Washington and other cities have sent cablegrams to Mexico City asking that his life be spared because of his great services as an artillery expert.

## BANDIT STILL CAUSES ALARM

(By Associated Press.)

Cheyenne, Wyoming, November 21.—William Carlisle, the notorious bandit, was still at large today and continued a source of uneasiness to officials of the Union Pacific Railroad.

Believing the bandit would attempt another holdup shortly, guards are maintained on every train and equipment for sending a special train of armed men is kept ready here.

## ULTIMATUM GIVEN BY OPERATORS

Tell Miner Representatives the Offer of Yesterday is Best That Can Be Made.

Miners Fail to Reach Agreement On Answer to Proposal Of Mine Operators.

(By Associated Press.)

Washington, November 21.—Bituminous coal mine operators served what was practically an ultimatum on the coal miners' representatives here today, telling them the offer yesterday of 15 cents a ton and 20 percent day wage increases was the utmost that could be given.

The miners went into conference immediately to consider the offer.

Acting President Lewis spent a large share of the morning with Secretary of Labor Wilson. He presided at the miners' meeting.

It was said the joint conference of the operators and miners would be resumed this afternoon at which time the miners would present their answer.

Before entering the joint conference today Lewis reiterated the operators' offer was unacceptable.

After the meeting of the miners Lewis announced no conclusion had been reached and that the situation stood as it had been. Miners, he said, would go into joint session this afternoon without having a definite response to the operators' proposals.

## PLANNED ARMY OF 450,000 TO INVADE MEXICO

Figures Made Public by State Department for First Time

Three Years Fixed As Time Necessary to Complete The Clean-Up.

(By Associated Press.)

Washington, November 21.—State Department officials, in discussing the Mexican situation today, disclosed that three years ago the Army General Staff estimated that an army of 450,000 men and three years would be required for complete intervention in Mexico by the United States.

Officials did not say what the present estimate of the General Staff was, but it was understood to be less than that prepared before the war, due to the development of new instruments of warfare.

Officials today were watching Mexico for action on the note sent by the State Department to the Mexican government demanding the release of William Jenkins, United States Consular Agent, who was re-arrested at Puebla on charges of being in conspiracy with the bandits who captured him and forced him to pay \$150,000 ransom.

## DECISION WILL COME LATER

## TREATY IS EFFECTIVE DECEMBER 1

Supreme Council Decides To Formally Ratify Treaty With Germany December First.

Long List of Obligations Upon Germany Become Effective With End of War.

(By Associated Press.)

PARIS, NOVEMBER 21.—THE SUPREME COUNCIL TODAY AGREED UPON DECEMBER 1 AS THE DATE WHEN THE GERMAN PEACE TREATY WILL BE FORMALLY RATIFIED.

Action by the Supreme Council at Paris in naming December 1st as the date of formal proclamation of a state of peace fulfilled expectations of administration officials. The general official feeling here was that Europe would not wait longer for promulgation of peace.

The promulgation will not affect the status of war existing between the United States and Germany, but it will mean the important work of rehabilitation in Europe will begin without the participation of this country. Besides bringing the league of nations into existence the event will bring in a long list of obligations which must be performed by Germany.

## FRENCH-BRITISH PACT RATIFIED

(By Associated Press.)

Paris, November 21.—Foreign Minister Pichon and Sir Eyre Crowe, assistant under secretary for foreign affairs of Great Britain, last night exchanged ratifications of the treaty guaranteeing British aid to France if, without provocation, she is attacked by Germany.

Sugar Shortage Due to High Prices Demanded By Manufacturers is Cause.

Price to Wholesalers to be Fixed At Near 12 Cents Per Pound For Sugar.

Broad Powers Formerly Held By Hoover Placed Upon Attorney General Palmer.

Candy and Soft Drink Manufacturers to be Curtailed In Use of Sugar.

(By Associated Press.)

Washington, November 21.—In an effort to meet the situation resulting from the present acute shortage of sugar President Wilson today revived the war-time power of the federal government over the nation's food supply.

In a proclamation the President transferred to Attorney General Palmer the broad authority exercised by Food Administrator Hoover during the war. While it is Mr. Palmer's present intention to exercise authority only so far as sugar is concerned, he is prepared to use measures to meet any similar situation affecting other food supplies which might arise.

Among the first acts of the Department of Justice, it is understood will be the establishment of a price of 12 cents a pound wholesale for all sugar except the Louisiana crop, the price of which already has been fixed at 17 cents. This increase of price was said to be necessary to prevent a famine during the early part of next year.

Sharp curtailment of sugar consumption by candy and soft drink manufacturers also will be ordered as the officials declare the shortage is due in a measure to increased consumption of candy and soft drinks which have followed enforcement of prohibition. The margin between the wholesale and retail prices of sugar has not been determined, but 1.54 cents a pound tentatively has been considered.

## DEFINES BEER IN ST. LOUIS

(By Associated Press.)

St. Louis, November 21.—Beer of 2.75 percent alcohol was declared to be non-intoxicating in a decision today by Judge Pollock of the United States District Court in which he granted a temporary injunction restraining United States attorneys and internal revenue collectors from enforcing the war-time prohibition act against St. Louis brewers.

## DR. THOMPSON RESIGNS PLACE

(By Associated Press.)

*This Lady TELLS Her FRIENDS*

Mrs. Mary Fricke, 507 Boruman St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

MRS. MARY FRICKE

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, soothe the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

## MARKETING MORE CORN THIS FALL

Reports from authentic sources state that more corn is being hauled to the elevators than was sold last year at this time. Reasons given for this is that while a great percentage of the crop is being fed to the hogs the yield is better than last season's crop.

Were it not for the fact that the crop is heavier than last year's yield there would be far less corn hauled to the market because of the great number of hogs in Fayette county. This year the surplus is such that more corn is being marketed.

It is also declared that the corn in the more remote parts of the county is being marketed more freely than the corn in this community. Most of the corn in the immediate vicinity is being held.

Condition of the corn being hauled to this city is reported as only fair. Late rains caused the low standard.

## HUSKING CORN AT RAPID RATE

Fair weather of the past two weeks has allowed the farmers to make heavy inroads in husking the corn crop and thousands of acres are now in the cribs or in the market. The weather has permitted steady husking after the long wet period and it is found that the corn suffered less damage from the rain than was at first predicted.

A couple of weeks more of such weather as is now being experienced will see a large percent of the corn out of the field.

Most of the corn is being fed on the farm again this year.

## EXPRESSES A DESIRE TO AID MANY FRIENDS

Well-Known Ironton Woman Says She'll Urge Them to Try Trutona

Ironton, Ohio, November 20.—"I honestly think that Trutona is a wonderful medicine and I can recommend it to all of my friends who are suffering from troubles like mine," Mrs. C. Smith, 421 North Second street, said recently. Mrs. Smith, who is 62 years old, has lived in Ironton for the past forty-two years and is well known here.

"My principal ailment was stomach trouble from which I have suffered a number of years," Mrs. Smith said. "My appetite was poor and the little I ate always resulted in my experiencing a heavy bloated feeling in my stomach. I often had the headache and was usually constipated. I had become so nervous I couldn't sleep at night I tried many different medicines but they didn't seem to help me.

"But that was before I found Trutona. I had been using Trutona only a few days when I noticed an improvement in my condition. Now, I can eat most anything without having trouble with my stomach afterwards. The heavy, bloated feeling has ceased to follow my meals. My constipation has been relieved and the headaches I formerly experienced are things of the past. My food seems to taste better, too, and I'm at last able to sleep well at night."

"Trutona, the perfect tonic, is now being introduced and explained in Washington C. H. at Frank Christopher's. Advt.

## Choosing Between Quality and Quantity

There has never been a time when good clothes were as scarce as they are right now. But, make no mistake, the scarcity exists only in good clothes.

We could get plenty of inferior stuff. Our cabinets would be completely filled now if we were not particular about the clothes we sell. Between QUANTITY and QUALITY we choose QUALITY.

We believe that a man would rather pick his suit or overcoat from a limited assortment of Kuppenheimer Clothes than from a big variety of garments of questionable quality.

You won't find as comprehensive a showing of Kuppenheimer Clothes as you usually find here, but you can be sure that every garment represents quality and value to the utmost. And QUALITY is more important than QUANTITY every day.

Real shoe style is not a matter of narrow toe or flat forepart. Real shoe style that endures is a proper balance of harmonious details plus good material and workmanship. If you like a stylish shoe that isn't narrow toed or flat, you'll like this "Bostonian" Nassau.

### Keep Calm

The Senate failed to ratify the treaty in any form with or without reservations and so far as this session is concerned it is dead. The efforts of the mild reservationist republicans to effect a compromise failed and a deadlock resulted, neither of the opposing factions being able to secure the necessary two-thirds vote on a motion to ratify.

Technically this nation is still at war with Germany, no matter if Congress does resolve that it is not. The mild reservationist republican senators maintained the faith and by supporting the ruling of Vice President Marshall kept open the door for a compromise between the warring factions.

In the last hours, however, the straight line republicans and the straight line democrats grew more bitter and more uncompromising in their attitude; neither would concede anything and a deadlock was inevitable.

What the outcome will be no one can now forecast with any degree of assurance. One thing is certain though. Regrettable as the outcome is, it is no time for intemperate talk and bitter criticism. We must remain calm and confident of the outcome. We must all guard against becoming uncompromising supporters of either one or the other of the contending factions. We must keep our minds clear to accept whatever is honestly done, no matter whether it meets with our whole approval or not.

We would all be much better off—more settled and more at ease—if the treaty had been ratified instead of having it still unsettled and a subject of constant concern and doubt, but if there is to be an end of it all there must be compromises made. The people can assist in bringing that about by refusing to become too heated in their advocacy of either faction.

We still believe it will all work out right in the end, discouraging as the prospect now seems.

### Amusements and Sports

In Columbus the football fans are frantically seeking admission tickets to the State-Illinois gridiron battle of Saturday, offering from ten dollars for standing room privileges to one hundred dollars for a single seat. Perhaps thirty thousand enthusiasts will witness the contest and the ticket scalpers will reap a rich harvest in money.

Perhaps sixty thousand people saw the Princeton-Yale football game in the Yale "bowl" last Saturday and a half million people, at least, saw other games throughout the country on the same day.

Hundreds of thousands of people saw the world series baseball games a few weeks ago. Tennis matches and golf tournaments are being conducted, in the presence of tremendous crowds all over the land. Every amusement place is crowded to capacity.

When we think how young some of these "pastimes" and pleasures are we wonder what our ancestors did to pass the time. We wonder too, with the field so completely occupied, what our descendants will do. Perhaps they will have sports high above the earth with airplanes or far under the surface of the sea with submarines and marvel about how slow we were and how easy we were satisfied with our tame "sports."

Sometimes we fear that people are giving too much thought to amusements and sports and too little to the serious work of life.

Certain it is that the working time of our forefathers produced a wonderfully strong manhood and builded a great nation.

While all work and no play will make "Jack a dull boy," too much play and too little work is likely to make him a frivolous lad.

### POETRY FOR TODAY

"WE ARE AMERICANS"  
 This is the answer we looked for from men!  
 Hear it and fear it ye red-bannered scum—  
 Ye, who would plunge us in home strife again!  
 That is the tocsin—the call of the drum!  
 Long have we waited and suffered your shame,  
 Borne with grim patience the madness you taught—  
 Heard you blaspheming our country's fair name,  
 Mocking the freedom our best blood had bought.

Thought you that men who had lived 'neath the flag  
 Woven from threads made of honor and truth  
 Ever could choose your foul symbol of red,  
 Stained with the life-blood of innocent youth?  
 Thought ye Americans born—or of choice—  
 Stormed by your lies, at their stronghold would fall?  
 Listen! and hear, as they cry with one voice,  
 "We are Americans!" — patriots all!

Now ye have roused us—the battle's begun!  
 Hear ye the tramp of our men falling in?  
 Note ye the signs that the waiting is done?  
 Feel ye the fear that we surely must win?  
 We, whom it pleased ye to scorn and deride,  
 Fight with the Right that ever prevail.  
 This is our battle-cry, flung far and wide,  
 "We are Americans!" We shall not fail!

## Double Breasted Suits Are "The Thing"

SO say men who know "What's What" in Clothes.

Some folks have wondered why double breasted styles have become so popular all of a sudden. It isn't simply because young men wanted a change. The way these new double breasted models are made has a lot to do with it.

You will notice that coats are longer with a trifle more flare to the skirts. But the real reason they are so jaunty and different from double breasted of other seasons is because they are high chested. They also embody a lot of other interesting ideas but you will have to see them to appreciate their desirability.

Double breasted Clothes have been made for years, but it's only because designers have struck a new note in styling that young men have taken such a fancy to double breasted Suits now.

Here is one of the Waist seam models that may be worn with or without a belt. Young men like it. It's new and different; snappy from the word "go." However, it is but one of the fine values you may choose here tomorrow.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Miss Nina Dahl honored Miss Helen Harper with a charming luncheon Friday, the first of several affairs, confined to intimates, in anticipation of Miss Harper's marriage to Mr. Vivian F. Crawford, of Akron, which will be quietly solemnized at the Harper home at high noon Tuesday, December the second.

It was an elaborate luncheon, exquisite in every appointment and the courses of delicacies introducing the rose color scheme which was used as happily suggestive of the hoped for rose colored future for the bride-elect. The table was very lovely, the centerpiece an artistic basket of rose button chrysanthemums and greenery, encircled by garlands of smilax and crystal candle sticks, holding rose candles, which illuminated the table with a soft glow. The pretty place cards were cupids, brides and grooms. The luncheon hour was a merry one, with informal toasting of the bride-elect, who was most becoming-

ly gowned in dark brown velvet, made severely plain, with the new short sleeves and a cluster of silk flowers fastening the girdle, hat of brown velvet and beaver fur.

Miss Dahl, whose brunette type was in effective contrast to the fairness of the bride to be, was wearing a smart gown of dark blue charmeuse, embroidered in chenille.

Seated with the hostess and honor guest were Mrs. Willard S. Willis, Mrs. Loring L. Brock, Misses Jean Howat, Dorothy Fullerton, Myrtle McCoy, Mary Weaver, Ada Woodward, Ethel Powell.

Mrs. Luther Cockerill, who had invited the Golden Rule Class of Sugar Grove for the regular fortnightly meeting Thursday planned, with the members, an innovation in the form of a delightful surprise in honor of Mr. Cockerill's birthday. So instead of the usual afternoon woman's meeting, the members, their husbands and families numbering about forty, assembled at the home in the evening and sprung a very successful surprise.

The regular meeting was briefly held and the greater part of the evening enjoyed socially. There was merriment galore when Mr. Cockerill opened his birthday gifts, an array of parcels holding a miscellaneous assortment in the nature of take offs.

There were also two lively contests. Refreshments were served and large white and yellow chrysanthemums with pink roses were in effective decoration throughout the spacious home.

Assisting Mrs. Cockerill in successfully carrying out the arrangements were Mrs. Ed Darlington, Mrs. Harry Silcott and Mrs. Willard R. Everhart.

The Loyal Sons of Hoyle Post were

hosts to the Daughters of Mrs. Hoyle with a few additional guests at a very jolly little affair Thursday evening at the "Ridge."

The party was "informal but genteel," with dancing and old fashioned games included in the evening's amusements.

Burning logs in the fire place added cheer, and an appetizing hot lunch was served cafeteria style.

Mrs. Glenn Rodgers Worthy Matron of Royal Chapter, No. 29, O. E. S. pleasantly entertained the Chapter officers Wednesday evening, in compliment to Mr. W. L. Herron, Worthy Patron and his wife, who came down from Columbus for the affair.

Mrs. Rodgers was assisted in extending cordial hospitalities by her mother Mrs. M. L. Stuckey, Mrs. S. A. Murry and Mrs. O. W. Brown.

Mrs. F. F. Sharp, of Denver, Colo., was an additional guest.

The Mt. Olive Church Box Supper was one of the most enjoyable affairs of the kind ever held in the church and netted a nice sum for the Ladies Society.

As the President, Mrs. Henry Minton, said, "It was certainly a big success if a jolly good time and the sale of every thing donated spelled success."

The regular monthly meeting of the Ladies Aid of the Church of Christ was held at the home of Mrs. E. G. Leadbetter, Wednesday.

The session, presided over by Mrs. L. A. Mark, President was one of the most profitable and interesting of the year.

The twenty-six members present enjoyed the pleasing program following the business session in charge of Mrs. Jasper Blackmore.

Miss Mazie Rowe gave pleasurable entertainment to the Thursday Kensington Club with Mrs. Russel Malow of Texas, and Miss Almada Cockerill, additional guests.

Dainty refreshments were served.

Mrs. Mary P. Backenstoe is spending the week end in Nitro W. Va., visiting her son Billie.

Mr. and Mrs. O. S. Minton and son Orville moved, Thursday from their country home on the New Martinsburg pike into the residence, corner Fayette and Elm streets recently purchased by Mr. Minton from Mr. L. A. McCoy, who with his family is now located at the Arlington Hotel, until the Rodgers house, corner Willard street and Columbus avenue is completed, and ready for occupancy.

Mr. and Mrs. Ed Darlington went to Middletown, Friday afternoon to visit Mrs. Darlington's brother, Mr. Ed Everhart and wife, for the week

end. Enroute home, Mr. and Mrs. Darlington will stop in Dayton.

Mr. A. C. Henkle continues to improve at Grant Hospital, Columbus, although it will probably be a couple of weeks before he returns to his home.

Alfred Hagler will be the week end guest of his aunt Mrs. Louella Herbert in Columbus, to attend the Ohio State-Illinois football game.

Mr. Ray Maynard spent Friday in Columbus on business.

Mrs. P. F. Sharp of Denver, Colo., is spending the week end the guest of Mrs. Glenn Rodgers, and mother, Mrs. M. F. Stuckey. Mr. and Mrs. W. L. Herron, of Columbus were also guests of Mr. and Mrs. Rodgers Wednesday night, Mrs. Herron remaining over Sunday.

## FRIENDS CROWD HOME IN FAREWELL TRIBUTE

Simple but full of quiet beauty and tribute were the farewell services which honored Mrs. Laura Shoop at the home on Circle Avenue, Thursday afternoon.

Friends crowded the home, many coming from the vicinity of Good Hope and Jeffersonville—the friends of Mrs. Shoop's long years of residence in this community, who were deeply saddened by a sense of personal loss—and the friends of her children warmly sympathizing with them in the taking away of a most beloved mother.

Rev. K. B. Alexander, of Grace M. E. Church, conducted the services with much tenderness, reading the hymns, "One Sweetly Solemn Thought" and "Jesus Lover of My Soul," both of which had been read at the funeral of the father eight years ago.

The minister made a short talk, speaking of his subject "Motherhood" as beautifully exemplified in the daily life of this mother, who at rest in a bower of flowers, had throughout her life blessed her children with her unselfish love, caring for their interests in the older years, just as she had when they were little folks. In affecting closing he read the poem "Little Mother O' Mine."

A eulogy of which Mrs. Shoop's family may be justly proud was given in the memoir and a beautiful reminiscence talk, based upon his own relationship and personal acquaintance from childhood up, by Hon. C. A. Reid.

The wealth of floral remembrances were wonderfully beautiful, the favorite flower of the Fall season, the chrysanthemum, in special prominence. A lovely blanket of pale pink and white chrysanthemums from the children covered the handsome casket and among the designs were two specially handsome pieces from the Hagerty Shoe Co. and the Collection Department of the International Harvester Co. of Columbus.

The burial was made in the family lot in the Washington cemetery, a large number of relatives and friends accompanying the family for the last rites.

The pall-bearers were Hon. C. A. Reid, Hon. J. M. Willis, Messrs. John Sutherland, E. L. Bush, Emmet Edwards, Albert Kneisley.

Relatives coming from a distance were: Mr. and Mrs. L. C. Shoop, daughter, Evelyn, Mrs. Grace Dick, daughter, Miss Ruth, Dr. and Mrs. Charles Swope, Mr. and Mrs. Allie Briggs of Columbus; Mr. James Morrow of Waukegan, Ill.; Mr. and Mrs. Harry Campbell of Mt. Sterling, Mrs. Iva Mouser, sister of the late Mr. Walter W. Shoop of Mechanicsburg, Miss Laura Campbell, of Dayton, Mrs. Hal-Burnell a niece of Greenfield.

## HAND MANGLED BY DISCHARGE OF A SHOTGUN

Friday morning the first casualty of  
the hunting season occurred in Fay-  
ette county when Joseph Wood, 45 re-  
siding a few miles from this city on  
the Jamestown pike, had the thumb  
on his right hand blown off by the ac-  
cidental discharge of a shotgun.

Wood, with a companion, was going  
to the field and started to climb in-  
to a farm wagon. The hammer of the  
gun caught on the side of the wagon  
and the gun was discharged. His  
right thumb which was over the end  
of the gun, was torn off taking with  
it part of the palm of the hand.

Dr. Rowe was summoned from this  
city and attended the injured man,  
who had lost quite a bit of blood be-  
fore medical attention could be given.  
The wound is a very bad one and  
care is being taken to prevent infec-  
tion.

country which has caused so much  
turmoil and Mr. Smith's words of  
things as they are in Russia today  
graphically described the situation.  
Mr. Smith declared that Bolshevism  
was not a theory but a fact and as a  
fact it must be combated.

One of the speaker's startling state-

## WAS LIKE MAGIC FOR WELL KNOWN COLUMBUS MAN

Declares he was about ready to take to his bed from kidney trouble, indigestion and disordered stomach.

Now he can't say enough in praise of the new medicine Drecto, for the great relief he obtained.

"I was just about ready to give up and go to bed, but hearing of the great work the new medicine, Drecto, was doing, I secured a bottle, and it seems almost like magic what it did for me," are the words, in a signed statement for publication, made by Mr. J. T. English, the well-known plumber of South Columbus, Ohio.

"Ever since I was a boy I've had a weak stomach, suffered agonies from cramping, gastritis, swelled up feeling after meals and watery belching. I think my stomach disorder brought on my kidney trouble. I had heavy, dull pains in my back, loins and hips. It pained me to stoop over or bend about."

"Since giving Drecto a fair trial, I'm like a different person. All these pains have been relieved; the drowsy, tired feeling passed away, and my stomach is stronger and digests the food better than in years; in fact, I'm feeling better than in many a day; after this Drecto gets all the credit from me."

When the stomach becomes deranged so that the food fails to digest but lies in the stomach forming gas, causing a full sensation, when the back aches and kidneys do not function properly, when the bowels are constipated and you have headaches, dizzy spells, coated tongue, and the nerves are on edge, get a bottle of Drecto, and see the change in your condition in a week's time.

All good druggists now sell Drecto, and it is highly recommended in this city by

FRANK CHRISTOPHER

## 150 TONS COAL IN THIS CITY

Attention is called to the fact that not all coal dealers in the city have supplies of coal at the present time, the announcement being made Thursday morning that only two dealers in the city have supplies in their bins and the total amount on hand being upward of 150 tons. Some of the dealers have no coal whatever and under the ruling of the Fuel Administration, will not be able to use any of the coal on the sidings in the city until the supply of the other dealers is exhausted, when, assurance is given, coal will be available from the reserve now on track at this point—providing, of course, that the demand elsewhere does not become so great that it is necessary to divert the coal held at this point.

Additional announcement is made that orders have been issued that no more than one ton shall be delivered to any one consumer at the present time.

The cold weather has renewed the demand for coal, although there is no rush upon the dealers.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

Now Homes  
as well as Hospitals  
can get these  
RUBBER GOODS

Once Miller made only Surgeons Rubber Gloves. And for 27 years they've been the "Standard" for Surgeons and in Hospitals.

But meanwhile physicians, nurses and hospitals urged them to give them Miller quality in other Rubber Goods.

So they perfected Leak-Proof Hot Water Bottles and Fountain Syringes, and numerous rubber articles much used in the bathroom, the nursery and the sick room.

All are made by the same highly specialized methods which made Miller Surgeons Gloves lead the world.

Experts won't accept inferior kinds. And why should you? Why be content with less than the surgeons grade?

The Miller factories make that super-quality only.

So insist on Miller Rubber Goods always. You can easily get them from the drug store that has the Miller Agency. We have it.
